Homework: SCRUM TUTORIAL

Repo:

Create a new repository.

Project Board:

Duplicate the Uni-Tuebingen template for project boards.

Issue:

Create an issue and label it as "Bug."

Note:

Add a note to the "Agenda" section.

Moving Issues:

Move the issue you created to a different column.

Milestone:

Create a milestone called "Sprint 1" and assign it to the issue you created.

Verification:
